Pine Crest School, Grade 6

About my art:

My drawing is showing how there is always a good and bad path in your life. This picture shows a girl not knowing what to do and the two different paths from which she has to choose. Choosing this path will determine her life. One path is positive and sunny, and the other one is negative and dark. Last but not least, these paths represent the sad and happy in her life and how she has the ability to choose.
