

APPLICATION

Palm Beach Fellowship of Christians & Jews Educator Scholarship for **Facing History and Ourselves**

I am interested in participating in the July 18-21, 2022, *Facing History and Ourselves* summer workshop, "Teaching Holocaust and Human Behavior." I understand that the administration at my school must agree that I will be able to implement the curriculum as a condition of my acceptance to participate in the program. Due to the continued safety protocols for covid-19, the four-day course will be presented in an interactive online format with a small amount of independent study.

In consideration of all fees and materials being covered by the Fellowship, as well as a \$200 stipend to be paid at the successful completion of the seminar, I agree to submit a report and maintain communication with the Education Committee Chair re the workshop experience and my implementation plans, and to follow-up periodically about the curriculum and its effect on the students, etc. The Fellowship will offer opportunities for such communication as well as peer mentoring and implementation workshops.

Please print clearly:

Name: _____

School: _____

Grade(s): _____ Subject(s): _____

How many years have you taught? _____ College Degree/Major: _____

Principal/Headmaster/Supervisor: _____

E-mail address where we can best reach you: _____

Non-school telephone where we can best reach you: (_____) _____
